

Planned Class schedule:

Time:	Monday:	Tuesday:	Wednesday:
5:00 PM – 6:00 PM	Foundations		
6:15 PM – 7:15 PM	Beginners	Intermediate	Intermediate
7:30 PM – 8:30 PM	Advanced	Advanced	Advanced

Class will run continuously – we sell a class punch card with 6 punches for \$60. The cards are punched when you come to a class. If there is bad weather or you have a conflict, simply don't come (though an email or text - to Betty - would be appreciated) and there is no penalty. We plan to start with the schedule above starting two weeks after CACM's outdoor classes have ended and CACM puts away the equipment for the year. Please let us know when you would like to attend so we can make adjustments, so the classes do not get too big.

The class levels are not strict – we adapt to the skills of the people attending to some degree so if, for example, you consider yourself Intermediate but are only available on Monday evenings, we will work it out.

Our facility is a well-lit, heated pole barn that is 50'x100'. We have a full set of equipment with several different extra pieces that are specifically for training a skill. The training building is behind our house, so the address is the same as our home address. Our contact information is at the bottom.

We have been active in Canine Agility for over 25 years and have taught classes for most of that time. Betty concentrates on the Foundations and Beginner levels and we both work with people at the upper levels.
